WED, APR 8TH | 6:30 - 7:30 PM

TUKTUJUIT: CARIBOU

Canada (Nunavut) | English / Inuktitut
Director: Lindsay Aksarniq McIntyre

An experimental documentary created with hand-made and manufactured emulsions exploring the close and enduring connections between Inuit, caribou, lichens, and land use. Filmed primarily in Nunavut where caribou struggle to maintain their lifeways amidst burn events, habitat disruption and changing conditions.

WED, APR 8TH | 6:30 - 7:30 PM

SUKKAILLUTIT UQARUK - SAY IT SLOWLY

Canada (Nunavut) | English / Inuktitut
Director: Ashley Qllavaq-Savard

My journey to learning Inuktitut at times has felt disorienting and anxiety producing but also fulfilling and soul nourishing. How can we adequately be protectors of the land if we do not speak its language? If we do not understand its seasonal shifts, its life cycles, its volatile nature? Our generation is doing the best we can to reclaim our cultural identity in a changing world, it starts by saying it slowly.

THURS, APR 9TH | 6 - 7:30 PM

NFB - THE FORGOTTEN REELS OF NUNAVUT'S ANIMATION WORKSHOP

Canada (Nunavut) | English, Inuktitut
Director: Kinngait Sikusilarmiut

One of the most captivating chapters of Indigenous filmmaking at the NFB: the 58 films made by 13 Inuit filmmakers during the Sikusilarmiut animation workshop that operated in Kinngait from 1972 to 1975. Forgotten and hidden away, these films were recently uncovered, digitized, and remastered some fifty years later!

WORLD PREMIERE

THE TUNDRA WITHIN ME

Norway | Norwegian / Northern Sami w/ English subtitles
Director: Sara Margrethe Oskal

After living in Oslo for many years, Lena moves back to Sápmi in northern Norway with her young son. While researching in the wintry tundra, she falls in love with reindeer herder Máhtte, whose mother, the head of the family, disapproves of the relationship. As decisions from the past come to haunt her, Lena struggles to find out whether her and Máhtte's lifestyles can ever be compatible.

CORN HUSK DOLL

Canada (Ontario) | Mohawk
Director: Yuma Dean Hester

Corn Husk Doll tells the story of a young, beautiful girl who neglects her community responsibilities. Despite warnings from the animals, she becomes distracted by her own reflection and slowly begins to turn into a corn husk doll. This story reminds us to be humble, and to fulfill our responsibilities to our families, clan, and community.

ISUNNGANNGUAQ

Canada (Nunavut) | Inuktitut
Director: Saima Romito-Kalluk

It is springtime in Nunavut. A young girl has the power to turn into a long-tailed jaeger, an Arctic seabird. She comes and goes from her human life to her animal life, but as time passes, she finds herself living as a human less and less. As a bird, she doesn't have to face the perils and troubles of her human life. Moreover, it becomes increasingly difficult for her to transform from one form to another. The girl soon realizes she will need to make a choice.

STARWALKER

Canada (British Columbia) | English
Director: Corey Payette

Star, an Indigi-Queer Two-Spirit has become newly entranced by the world of drag when they are introduced to The House of Borealis, a popular drag house led by their charming matriarch, Mother. Star's newfound passion propels them to face a cultural past once neglected, but when painful memories re-emerge, their love for drag and their new family is put to the test. Star journeys through the realization of who they are, leading to a persona that blends their grounded cultural spirit with a unique take on drag: Starwalker.

SIKOQQINNGISAANASSOQ

Greenland / Norway | Kalaallisut
(w/ English subtitles)
Director: Adam Sébire

A remote Inuit community in Kalaallit Nunaat (Greenland) faces the transformation of their winter sea ice by climate change. Interviews with indigenous elders describe a disappearing winter environment. With summer sea ice predicted to be lost from the Arctic before 2050, the Inuit community's winter traditions are already changing dramatically. Are we witnessing the beginning of sikoqqinngisaanassooq : a future without sea ice?

HOW DO WE SURVIVE DIOMEDE?

USA (Alaska) | English
Director: Bjorn D Olson

For thousands of years the Iñupiat of Little Diomede have made their living off the abundant waters of the Bering Sea. Having survived colonization, the Cold War, and the demands of modernity, Little Diomede emerged into the 21st Century with their traditions and cultural identity intact. How We Survive Diomede is a window into a unique American community confronting a challenge more daunting than anything in their history: global warming.
